SCENE 76

Hello Calico

On top of our luggage in the back.

Is it... still there?

It looks like it's been squashed.

Eek!

It's grooming itself...

I don't hear any mews.

Hence the silence...

It's still just a kitten...

...

LAP LAP LAP

Ah!

Oh!

Defi-nitely not.

I-Is it normal...

...!

Especially since...

...we were just starting up to leave.

...for kittens to jump into cars on rainy days?

There isn't...

...an animal in the world...

...that doesn't like a fluffy bed.

So long as it isn't afraid of warm showers...

I guess it's already soaked though.

What colour is it? Describe it to me.

Black, white and brown... It's all scuffed up though.

I'm sure it'll look very pretty after a refreshing wash.

Here, kitty. Let's get you dried up.

Can you wrap the blanket around it?

You got to hear that before a meow.

Ah-haha!

Did it sneeze?!

!

CHOO!

Haha...

You're drenched as well.

Oh.

Haha...

Hah-choo!

You're going to get wet again?

CHAK

about the kitten...

Wait here a second. I need to check with the hotel

VROOO

...is why they call it raining cats and dogs?

...today's weather...

Do you think...

SQUIK

VROOOOO

MILK

That's true.

We would have come across it even without the rain.

Nah.

SQUIK

VROOOOO
